

Jose Gutierrez

Software Engineer

josepmind@gmail.com | 301-830-0161 | [LinkedIn](#) | [GitHub](#) | [Website](#)

I am a Software Engineer with a background in customer service and IT Support. I'm a goal-oriented person seeking opportunities to continue to learn and contribute to a team in the Software Development industry. I have experience with front-end development like HTML, CSS and JavaScript, MERN Stack (MongoDB, Express.js, React.js and Node.js) and also experienced in programming with back-end technologies such as Ruby on Rails.

Skills

HTML5 - CSS (Bootstrap) - JavaScript - NodeJS - ReactJS - jQuery - Ruby on Rails - Python/Django
Microsoft Office/Google Docs - MacOS - Adaptability - Collaboration - Communication - Organization - Time Management
